Rental Rates

Regular rental rates are based upon a 24-hour day, a 5-day week, and a 4-week month. A weekend rental is charged as a 1.5-day rental. Use of rental equipment should not exceed 8 hours of operation per day, 40 hours per week, or 160 hours per month. Any use of equipment beyond these specifications will be assessed according to the amount of time used over expected. Rates listed on this sheet are subject to change without notice.

Deposits

A deposit is required on all rental equipment at the time of rental unless credit has been established with our credit department. We also require an Ohio Driver's License, Credit Card (Visa, MasterCard, or Discover), local address and telephone number, and the location where the equipment will be used.

Responsibility of the Lessee

The Lessee is responsible for returning all fuel-driven equipment with a full tank of fuel, whether it's gasoline, propane, kerosene, or diesel. If the leased equipment is returned with less than a full tank of fuel, the Lessee will be charged a fair market value for the fuel required to fill the equipment's tank. Leased equipment that is returned unclean or damaged is the responsibility of the Lessee. An appropriate cleaning and/or repair charge will be assessed at the time of return for any unclean or damaged equipment.

Indemnification by the Lessee

The Lessee agrees to indemnify the Lessor against all loss, damage, expense, and penalty arising from any accident or injury to person or property resulting from the operation, handling, or transportation of the leased equipment or from the use of or handling of said equipment while said equipment is in the possession of or under the custody and control of the Lessee.

Loss of Equipment

The Lessee agrees to pay the Lessor for all loss and damage occasioned by fire, theft, flood, accident, explosion, wreck, Act of God, or any other causes that may occur while the leased equipment is in the possession of or under the custody and control of the Lessee. The Lessor may require the Lessee to procure full insurance coverage against any such accident and event, and to present a Certificate of Insurance evidencing the same (or evidence of authority to the self-insure).

Delivery and Pickup Service

We offer a delivery and/or pickup service for rental equipment for a fee. Deliveries or pickups made within a 15-mile radius of our store (entire Columbus area) will be charged at a rate of \$25.00 per one-way trip for a pick-up truck and \$35.00 per one-way trip for a flatbed truck. Delivery or pickup of equipment needing a larger truck or trailer will be charged based on truck size and distance. Please call for a quote. There will be additional charges for set-up or removal of equipment and for excessive driver delay. These charges will be calculated on an as needed basis.

All rates on this sheet are given in U.S. Dollars.

RENTAL ITEMS ARE NOT FOR SALE.
